Meet the Tondo

Built for Convenience

The Tondo features a lightweight, two-piece, interlocking design that guarantees quick, hassle-free assembly, and a powerful brass burner system with the safest and most reliable ignition system on the market

Securing the Top and Bottom of the Fire Pit

— When the top and bottom piece of the Tondo are aligned correctly, the top (male) will interlock with the bottom (female).

Make It Your Own

Mix and match six top and bottom finishes to build a centerpiece that's tailored to your space, or go with a solid color scheme for clean, uniform style
