Vent-Free Log Glow Series

Highland & Charleston Glow are dual certified for vent-free and vented operation. Highland and Charleston Glow's compact burner designs are available in both manual and remote control models. Hargrove's combination of ceramic fiber and refractory logs provide beautiful fine detail and a realistic glow to the front log and ember bed. The warmth and radiance of the Highland and Charleston Glow will add natural beauty and comfort to your home.

- Glowing front log
- Vent-free or vented operation
- Natural gas and liquid propane applications
