## FIREPLACE DESIGN STUDIO

See your dream fireplace come to life in front of your eyes!  
Scan here to build your custom fireplace with available design options.

## Controls

### Control panel

Exterior control panel for easy on/off control.

### Timer kit

Optional timer kit with 30, 60, and 90-minute settings, alongside an OFF setting, allowing you to set your desired time for the fireplace to operate before automatically shutting off.

## Innovations

### Prestige® heat & exhaust management system

Optional system that helps reduce heat output to offer exceptional design flexibility in shaping your outdoor space (must be added during installation).

### Micro safety switch

Provides an added layer of protection by automatically disabling the fireplace when the weather cover is in place. This feature prevents overheating, ensuring your fireplace remains safe and reliable for use around your home.

Model No.	Dimensions		
	Width	Height	Depth
GSS50NE	54 9/16"	34 1/8"	15 15/16"
GSS50NE	66 9/16"	34 1/8"	15 15/16"
