Ohio Flame Fire Pits have been at the center of backyards and gatherings for over 14 years. It is our continuing commitment to Quality and American Made that have made us a popular choice in tens of thousands of backyards not only across America, but also across the world. It is our customers that continue to inspire us, as our products have been just a small part of many outdoor memories including weddings, reunions, vacations, parties, holiday celebrations, cultural ceremonies, military observances, vigils and life remembrances.

We've always said, "Nothing Brings People Together Like the Warmth of a Fire." A once primal concept, simply gathering around an open fire, it's an activity almost as old as time. Yet, we believe that it's the friendships and memories forged in the coals of time spent around the fire, with others, that really is the best part of what we do.

**PROUDLY AMERICAN**  
We're proud to offer 100% American Made products that are constructed out of high-quality American steel.

**LIFETIME WARRANTY**  
Because we keep our Fire Pits 100% American Made, they are also backed with a Lifetime Warranty.

**BOLD DESIGN**  
Beautiful and aesthetic outdoor products that are designed to be the highlight of your outdoor space.

## PROUDLY AMERICAN, BY DESIGN

Ohio Flame is located in Northeastern Ohio, an area once known for its vibrant steel production. Often referred to as the "Rust Belt", this area is redefining itself with arts and culture, all while still honoring their steel roots with a steadfast work ethic. Ohio Flame embraces our local ties and crafts our products from heavy gauge, American steel, sourced from domestic steel mills.

## FIVE STAR QUALITY AND CRAFTSMANSHIP

"I purchased one two years ago, now I am getting one for my son. It's the last fire pit you will buy."

"Pleased and satisfied. Proud to purchase Made In USA products."

"I quickly received our 30" OHIO FLAME fire pit and upon seeing the quality, immediately ordered the steel lid and fire poker."

Images below are actual customer photos.

## OUR COMMITMENT TO AMERICAN MADE

Ohio Flame Fire Pits are 100% American Made and are built to last a Lifetime. Since our early beginning in 2009, our commitment to American Made has not wavered. It starts with the US carbon grade steel that we source for use in the construction of our Fire Pits, as well as the fabrication materials and packaging supplies that we use. Ohio Flame also takes great pride in working with local vendors, companies and charitable organizations to support our local economy and community.

"Fire Chalice" crafted from thick carbon American steel that is sourced from local steel mills. For more styles visit: [OhioFlame.com](http://OhioFlame.com).

## EXCEPTIONAL QUALITY – OUR FULL-LINE OF HANDCRAFTED, ARTISAN PRODUCTS ARE GUARANTEED TO LAST!

Our commitment to quality begins with our steel. Many cheap fire pits on the market with inferior steel construction will use thin 1/64" sheet metal, which will rust out and need replaced. We use US carbon grade steel, with thicknesses ranging from 3/16" to 1/4", which is 12 - 16 times thicker than standard sheet metal. This means that your Ohio Flame Fire Pit will stand up to whatever you and Mother Nature throw at it, and we back it up with our Lifetime Warranty.

"The Liberty" model combines bold and linear styling with tough American quality and durability. For more styles visit: [OhioFlame.com](http://OhioFlame.com).

# THE PERFECT CENTERPIECE FOR YOUR OUTDOOR SPACE

Your Outdoor Space is an unlike any other space in your home – it is both unique and dynamic. It can be a social setting for entertaining friends and family or it can be an exclusive outdoor oasis, all yours to enjoy the solitude and calming atmosphere of the outdoors. However you choose to use your Outdoor Space, an Ohio Flame Fire Pit makes the perfect centerpiece for it.

Our Fire Pits are handcrafted quality pieces of art, all proudly crafted by a skilled Artisan in our Northeast Ohio shop. Your Outdoor Space is completely unique – your Fire Pit should be too.
