

**2 DAY SHIP**

# NORWEGIAN-Z

## Welded Steel

Thermo-Rite is known for many firsts in the premium fireplace door industry and we proudly announce another, the Norwegian-Z. This is the first ever 2 Day Ship Zero Clearance fireplace enclosure and another great addition to our 2 Day Ship door program.

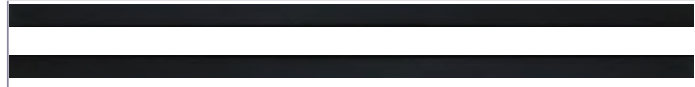

Base unit widths are 36, 38 and 42" wide and offer bronze tinted glass with a durable textured black powder coat finish (base unit refers to the door and frame with no spacers). For openings taller than the base height we incorporate a system of **trim spacers**, either a single or pair, that allow the door to fit a wide variety of openings and some of the industry's most popular models past and present.

Only available in Textured Black

<b>STANDARD FINISHES</b> – Textured Black - only	
Door Style –	Available with FS2 bi-fold full-swing trackless doors
Standard Glass –	1/4" tempered Bronze glass with lifetime warranty

Top and Bottom **Trim Spacers**

Below are the height dimensions for each of the Trim Spacers. To know which spacers will come with your door take the width and suffix from the door model and apply it below. Example: an NZ42-S4 would receive the S4 spacer kit from the 42" column below. Which includes 2 spacers 1 9/16" in height to be mounted to the top & bottom of the frame.

### TRIM SPACERS SIZING CHART

36" WIDTHS		Qty	42" WIDTHS		Qty
36S1	1/2"	1	42S1	1/2"	1
36S2	9/16" Ea.	2	42S2	15/32" Ea.	2
36S3	1 9/16" Ea.	2	42S3	1 1/32" Ea.	2
			42S4	1 9/16" Ea.	2

HOW TO ORDER

Locate your fireplace model from the chart above and order from the corresponding model number on the right-hand column. If needed, note the spacer size in the chart above for reference. Doors come standard with a textured black powder coat finish and bronze tinted glass. If your fireplace model is not listed here or do not know your model number, never fear, call our Customer Care Agents for size conformation or find other great door models ready to be custom fit for your unit.
